

Florene Miller, President

Florene Miller is an Indoor Environmental Specialist and Mold Inspection Certified Professional. As the founder and President of Healthy Technologies, Inc., she lives by the company motto - "Helping People Live Better Indoors". Florene helps residential and commercial customers solve their indoor environmental problems by thoroughly investigating and recommending affordable solutions to the problems she discovers.

Florene enjoys and is experienced in networking and is the past President of the Platinum Producers - Business Network International (BNI) chapter, where she is known as the "Fresh Air Lady". The guiding principle of BNI - Givers Gain - fits well with her own philosophy.

Florene is certified by the International Indoor Air Quality Commission (IIAQC) as a Mold Inspection Certified Professional and is certified by activTek Environmental, Inc. as a distributor for residential and commercial indoor environmental conditioning products.

She was recently featured in an article in The Pilot newspaper of Pilot Mountain, NC.

Florene honed her attention to detail as a Library Associate at Duke University, Fuqua School of Business Library for 14 years. There, she implemented the automated catalog system and subsequently cataloged the library's entire collection of books.
